This Position Task Book (PTB) has been developed to document the required performance objectives for CONFINED SPACE RESCUE TECHNICIAN certification. Each objective lists the performance requirements (tasks) in a format that allows the individual to be evaluated against written guidelines. Successful performance of all tasks, as observed and recorded by a GFSTC evaluator, will result in a recommendation to the Fire Chief (or an authorized person) of the fire department that the candidate has met part of the prerequisite requirement.

Evaluation and confirmation of the individual's performance of all tasks may involve more than one evaluator. It is important that performance be critically evaluated and accurately recorded by each evaluator.

RESPONSIBILITIES

The Fire Chief or his/her authorized designee will need to ensure that the evaluators are:

1. Recognized as a GFSTC evaluator
2. Hold Pro Board certification for Rope Rescue Technician

Individuals **may not** sign off on themselves.

The Training Officer, or designee, is normally the designated final evaluator and he/she will review each PTB prior to completion.

The "Evaluator" **CANNOT teach or coach while he/she is evaluating and must not have taught the skill to the candidate.**

The **candidate** is responsible for:

- Reviewing and understanding instructions in the PTB.
- Identifying desired objectives/goals.
- Satisfactorily demonstrating all tasks.
- Assuring the Evaluation Record is complete.
- Notifying his/her training officer, when the PTB is complete.
- **Bringing completed PTB to test location to have it reviewed by GFSTC's test monitor, along with a signed prerequisite form. FAILURE TO DO THIS WILL RESULT IN DENIAL OF TESTING.**

The **Evaluator** is responsible for:

- Being qualified and proficient in the position being evaluated.
- Explaining to the student the evaluation procedures that will be utilized.
- Identifying tasks to be performed during the evaluation period.
- Accurately evaluating and recording demonstrated performance of tasks. Dating and signing after completion of the task shall document satisfactory performance.

The **Final Evaluator** is responsible for:

- Signing the verification statement inside the front cover of the PTB when all tasks have been initialed and the candidate is recommended for testing and certification.
