

**GFSTC APPEAL FORM (B-3)**

TO: \_\_\_\_\_

ADDRESS: \_\_\_\_\_

In accordance with the provisions for appeals established by the policies of the Georgia Firefighter Standards and Training Council (GFSTC) and the policies of the National Board on Fire Service Professional Qualifications System (NPQ) the following has been decided:

After careful review your appeal was **SUCCESSFUL**:

You now have the following option for completing the skills testing requirements for National Professional Qualifications. You may attend any scheduled FFI exam and complete the following skills:

Remember you have one year from the date of your written test to successfully challenge the skills portion to receive the certification for the level for which you tested. If the one year time limit expires, you must then successfully re-challenge both the written and skills portion of the exam to receive the certification.

After careful review your appeal has been **DENIED**:

If you feel there is justification to further the appeal process, you may address those concerns to the Executive Director for the Georgia Firefighter Standards and Training Council. If you choose not to further the appeal, you may challenge another test event that is convenient for you. Remember you have one year from the date of your written test to successfully challenge the skills portion to receive the certification for the level for which you tested. If the one year time limit expires, you must then successfully re-challenge both the written and skills portion of the exam to receive the certification.
