PRACTICE TEST PRACTICE TEST PRACTICE TEST
Instructions**

The following instructions are for the performance evaluation for the *Hazardous*

Materials Responder at the Awareness Level. The performance evaluation is divided into four parts.

Each part must be completed for satisfactory performance.

Parts I and II requires the use of the Emergency Response Guidebook, 2004 or 2008 Edition.

Part III involves the use of a MSDS (Material Safety Data Sheet) enclosed in Part III.

Part IV involves the use of Shipping Papers enclosed in part IV.

The Hazardous Materials Awareness Level performance exam is a timed test. The Candidate must complete the test in twenty (20) minutes or less.

All answers must be spelled correctly and legible!

You have 20 minutes to complete all four parts.

The test monitor will tell you when to begin.
