

Website Registration Form

Near the end of 2006, we launched a new website: <http://www.gfstconline.org> . Using our new site, as Fire Chief or a Fire Chief's designee, you will be able to access your department's records that our agency holds. Currently, you will be able to see all State Certifications held by your department's members, view any NPQ Tests taken by your members, view Station Listings for your department, request a test event, and also fill out your End of Year report online with a departmental account.

You can also supply each of your firefighters with their GFSTC ID. With this ID, individuals can log into our website and access his or her personal records. To see GFSTC ID's for each individual, just view the State Certification or NPQ Test report after you log in with your departmental account.

To be able to log in as a Fire Chief or Fire Chief's designee, we will need you to please submit a username and password for website login purposes. Please only allow the Fire Chief or designee access to these, as records for all department members may be accessed from this username and password.

If you already have a departmental account for your department there is no need to fill this form out unless you would like additional departmental accounts.

PLEASE REMIT THIS FORM TO:

FIREFIGHTER STANDARDS AND TRAINING COUNCIL
ATTN: CHAD GRIFFITH
1000 INDIAN SPRINGS DRIVE
FORSYTH, GA 31029
