Hazardous Materials Responder
Awareness Level

The following instructions are for the performance evaluation for the *Hazardous Materials Responder at the Awareness Level*. The performance evaluation is divided into four parts.

Each part must be completed for satisfactory performance.

Part III involves the use of a MSDS (Material Safety Data Sheet) enclosed in Part III.

Part IV involves the use of Shipping Papers enclosed in part IV.

The Hazardous Materials Awareness Level performance exam is a timed test. The Candidate must complete the test in twenty (20) minutes or less.

**All answers must be spelled correctly and legible!**

**You have 20 minutes to complete all four parts.**

*The test monitor will tell you when to begin.*

**DO NOT MARK IN THIS TEST BOOKLET!**

USE THE ANSWER SHEET PROVIDED.
